Free Workshop Series: Pre-registration required

All workshops will be held in the Player's Wives Lounge, field level of SkyDome.

11:00 a.m. Songwriting 101

Introduction to the world of songwriting by professional songwriter, John Capek. The seminar will cover the elements of a hit song, marketing your music, a study of song demos from rough demo to finished master, among others. A question and answer period will follow the session.

12:00 noon The Scoop on SOCAN

Ever asked yourself, "What the heck is SOCAN anyway?" Well now is your chance to find out. The Society of Composers, Authors and Music Publishers of Canada pays royalties to songwriters and music publishers when their music is played live, on the radio, on TV or in films. Meet Dan Kershaw and other SOCAN staff, get answers to your questions, and become an expert at tapping into performance royalties as another source of income.

1:00 p.m. Everything you wanted to know about FACTOR

Come to this panel to get information on how we can assist you in your career. Kathleen Dunmore, FACTOR representative will be able to answer your questions. The Foundation to Assist Canadian Talent on Records (FACTOR) provides funding support to the Canadian independent music industry.

All workshops are designed to accommodate forty participants. A minimum number per workshop is required. Pre-Registration only.
